

Your Big Opportunity in Brass Beds

We are constantly on the lookout for big values to offer customers, and we have secured the most popular designs in Simmons Brass Beds. These are the famous beds you have read so much about in The Ladies' Home Journal, Saturday Evening Post, etc.

Simmons Brass Beds are here in all sizes—bright or satin finish.

The materials are the best that unlimited capital can buy. The workmanship is the finest that the biggest metal bed factory can produce. The name Simmons on the footrail of every bed is a guarantee of lasting satisfaction.

The price is ours. Our well-known policy of highest possible quality at the lowest possible price has never been more convincingly illustrated than in these beds.

Come in and see them. There is a Brass Bed design here that will "fit in" perfectly with your other furnishings and will suit you in price.

Yes! This is the Enlistment Station

All who want to enlist in the service of their country or of their family can find here the kind of footwear that will aid them in making their chosen service easy; therefore, successful.

We believe that an ill-fitting or ill-looking shoe causes ill feeling and discomfort, and the performance of duties distasteful.

We pride ourselves that no store gives better service to its patrons than ours. Our salespeople are chosen for particular service. They are experts in fitting, and they are informed as to correct styles. We give to our patrons the benefit of years of study and actual experience in fitting feet that require unusual shoes and scientific treatment.
